## **E for ENGLISH**

A language course designed specifically for Absolute Beginners, learners who:

- » have little or no exposure to English
- » have had none to minimal instruction in English
- » may or may not be literate

### **Who can it benefit?**

Support staff, including but not limited to, office assistants, canteen staff, drivers, housekeeping, maintenance, security, and others.

While corporates invest in hiring and training its workforce, the blue-collared labour population often slips through the cracks. The impact of this oversight is felt closest to home when facilities and business interact. Things, as they say, are lost in translation.

### **Why You?**

A win-win; this program helps companies foster an interactive and inclusive work place and the participants get an encouraging and safe learning space.

**E** for English is a chance for adult learners to acquire practical and functional knowledge of this unavoidable social currency.

From reading signboards to salary slips, report cards to medical records, partner with us to bring this unique opportunity to your organization.

## Course Format:

A series of classroom sessions, using original and customized learning tools emphasizing on:

- Tackling inhibitions in a non-competitive group environment.
- Introduction to the language and its grammatical concepts
- Building confidence to explore their newly-acquired language skills

## What they learn:

Speech sounds, alphabet, word glossary, pronunciation, dialogues and conversations, basic comprehension by identifying key words, to name some.

\*Ideal batch size of 25 to 30 students
