The rising focus on DE&I in organizations

Consumers, markets, purchase, and decision-making powers have shifted to include diverse groups - across identities, sexualities, caste, socioeconomic backgrounds, and other intersections. Organizations and brands are recognizing this and shaping:

- their offerings to meet personalized needs
- their workplaces to be inclusive of a diverse workforce

In addition to hiring and in-house sessions, companies must also focus on continued engagement that broaden experiences of their existing workforce.

The value of cultural immersion

Ramp up your DE&I strategy by getting out of the office and in the middle of the action.

At Maya Bazaar, we offer you a first-hand, touch-and-feel learning experience that brings you closer to the culture that you are curious to explore.

Who should show up and why

- Wherever you are in your DE&I journey:
 - Early stages - Send your

leadership team to experience different and evolving cultures.

- Out and proud - Send your ERG representatives or the DE&I team.

- Show your LGBTQIA employees that you care.
- Your presence at Namma Maya Bazaar is a commitment to progressing DE&I at the grassroots level.
